### **EXTERNAL ANNOUNCEMENT - Chemspec India**

Dear Exhibitors, Partners, and Visitors,

Like all of you, we have carefully monitored the global health crisis related to coronavirus (COVID-19). It's imperative that we prioritise the health and safety of everyone involved in Chemspec India 2020 (and co-located shows, ChemProtech India, ChemLogistics India and HPIC India); employees, customers and exhibitors.

Due to the uncertainty in the region and around the world, and after consultation with all our stakeholders and in alignment with the advice from the Indian public health authorities regarding travel to and from impacted countries, we have taken the decision to postpone our event which was due to take place 16-17 April in Mumbai.

### **Chemspec India is now scheduled for August 19-20, 2020 at the Bombay Exhibition Centre**

This is not a decision that has been taken lightly. Chemspec India and its organizers fully understand and appreciate the level of planning that is required to participate in an event like ours. Regrettably, the COVID-19 outbreak and related travel and commercial restrictions make those preparations too difficult to hold the show as planned in April. We apologise for any inconvenience that this may cause. We are grateful to our customers for all their support and constructive input during this challenging period.

We will continue to closely monitor the situation and remain in close contact with all Chemspec India stakeholders in the coming weeks. Our thoughts are with all those affected in these difficult times.

If you require further information, please do not hesitate to contact:

For India, Rohit Pande. [rohit@chemicalweekly.com](mailto:rohit@chemicalweekly.com)

For International, Martin Clarke. [Martin.Clarke@mackbrooks.co.uk](mailto:Martin.Clarke@mackbrooks.co.uk)

Thank you for your understanding and continued support of Chemspec India.
